ACTION REPORT OF STUDENTS, FACULTY, EMPLOYERS & ALUMNI FEEDBACK TERM II (AY 2023-24)

REPORT OF STUDENTS' FEEDBACK TERM II (AY 2023-24)

For Term II (AY 2023-24), the teaching and learning methodologies continued to evolve, integrating traditional classroom instruction with advanced digital tools. Feedback collected from students and faculty was analyzed by the Academic Coordinator Manali Deshmukh and Principal Dr. Poorva Keskar. Based on the findings, the following action plans were implemented to address areas needing improvement and enhance the overall educational experience.

REPORT OF STUDENTS' FEEDBACK TERM II (AY 2023-24)

Overall Summary:

- **Academic Performance: 30% Excellent, 55% Good, 15% Needs Improvement**
- **Feedback Methodology: Feedback was gathered through online surveys and consultations with students and faculty members. This report includes responses and suggested action plans for each subject, along with implemented actions.**

Fourth Year (Term II - AY 2023-24)

S.No	Subject	Responses & Suggested Action Plan	Action Plan Implemented
1	Academic Curriculum	Students: 90% satisfied, Faculty: 85% satisfied. Suggestions: Include more industry-relevant topics, refine learning objectives.	Revised curriculum with industry-relevant topics and refined objectives.
2	Teaching Methodology	Students: 80% satisfied, Faculty: 85% satisfied. Suggestions: Increase use of simulations and interactive case studies.	Integrated more simulations and interactive case studies.

3	Infrastructure	Students: 85% satisfied, Faculty: 80% satisfied. Suggestions: Further upgrade lab equipment and expand digital resources.	Continued upgrades to lab equipment and digital resources.
4	Support Services	Students: 85% satisfied, Faculty: 80% satisfied. Suggestions: Improve career counseling and expand peer mentoring.	Enhanced career counseling and expanded peer mentoring programs.
5	Faculty Availability	Students: 90% satisfied, Faculty: NA. Suggestions: Increase availability for one-on-one mentoring sessions.	Increased faculty availability for mentoring.
6	Course Materials	Students: 85% satisfied, Faculty: 80% satisfied. Suggestions: Provide more digital textbooks and up-to-date resources.	Expanded digital textbook availability and updated resources.
7	Assessment Methods	Students: 80% satisfied, Faculty: 75% satisfied. Suggestions: Introduce project-based assessments and provide detailed feedback.	Implemented project-based assessments and improved feedback mechanisms.
8	Campus Environment	Students: 85% satisfied, Faculty: 80% satisfied. Suggestions: Enhance outdoor spaces and upgrade recreational facilities.	Upgraded outdoor spaces and recreational facilities.
9	Career Services	Students: 85% satisfied, Faculty: NA. Suggestions: Increase connections with industry professionals and internship opportunities.	Strengthened industry connections and expanded internship opportunities.
10	Overall Experience	Students: 90% satisfied, Faculty: 85% satisfied. Suggestions: Foster greater student engagement and improve communication channels.	Enhanced student engagement and improved communication channels.

Third Year (Term II - AY 2023-24)

S.No	Subject	Responses & Suggested Action Plan	Action Plan Implemented
1	Academic Curriculum	Students: 80% satisfied, Faculty: 75% satisfied. Suggestions: Add more real-world applications and project-based learning.	Incorporated more real-world applications and project-based learning.
2	Teaching Methodology	Students: 70% satisfied, Faculty: 75% satisfied. Suggestions: Increase use of hands-on experiments and simulations.	Added more hands-on experiments and simulations.
3	Infrastructure	Students: 75% satisfied, Faculty: 70% satisfied. Suggestions: Upgrade technology in labs and improve Wi-Fi connectivity.	Upgraded technology in labs and improved Wi-Fi connectivity.
4	Support Services	Students: 75% satisfied, Faculty: 70% satisfied. Suggestions: Enhance career support and academic advising.	Enhanced career support and academic advising services.
5	Faculty Availability	Students: 80% satisfied, Faculty: NA. Suggestions: Increase faculty office hours and availability for consultations.	Increased faculty office hours and availability for consultations.
6	Course Materials	Students: 75% satisfied, Faculty: 70% satisfied. Suggestions: Update course materials and increase digital resources.	Updated course materials and expanded digital resources.
7	Assessment Methods	Students: 70% satisfied, Faculty: 65% satisfied. Suggestions: Use diverse assessment techniques and provide regular feedback.	Revamped assessment methods and ensured regular feedback.

8	Campus Environment	Students: 75% satisfied, Faculty: 70% satisfied. Suggestions: Improve campus landscaping and enhance common areas.	Enhanced campus landscaping and improved common areas.
9	Career Services	Students: 70% satisfied, Faculty: NA. Suggestions: Build more industry connections and increase placement opportunities.	Expanded industry connections and increased placement opportunities.
10	Overall Experience	Students: 75% satisfied, Faculty: 70% satisfied. Suggestions: Foster greater student involvement and improve feedback systems.	Increased student involvement and improved feedback systems.

Second Year (Term II - AY 2023-24)

S.No	Subject	Responses & Suggested Action Plan	Action Plan Implemented
1	Academic Curriculum	Students: 85% satisfied, Faculty: 80% satisfied. Suggestions: Integrate more interdisciplinary projects and refine learning outcomes.	Integrated more interdisciplinary projects and refined learning outcomes.
2	Teaching Methodology	Students: 75% satisfied, Faculty: 80% satisfied. Suggestions: Increase use of experiential learning and multimedia tools.	Enhanced experiential learning and multimedia tool usage.
3	Infrastructure	Students: 80% satisfied, Faculty: 75% satisfied. Suggestions: Upgrade classroom facilities and improve study areas.	Upgraded classroom facilities and improved study areas.
4	Support Services	Students: 70% satisfied, Faculty: 65% satisfied. Suggestions: Strengthen	Strengthened academic support and expanded peer mentoring programs.

		academic support and enhance peer mentoring.	
5	Faculty Availability	Students: 75% satisfied, Faculty: NA. Suggestions: Improve scheduling and increase consultation time.	Improved scheduling and increased consultation time.
6	Course Materials	Students: 75% satisfied, Faculty: 70% satisfied. Suggestions: Increase availability of e-books and update content.	Increased e-book availability and updated content regularly.
7	Assessment Methods	Students: 65% satisfied, Faculty: 70% satisfied. Suggestions: Implement more formative assessments and detailed feedback.	Implemented formative assessments and provided detailed feedback.
8	Campus Environment	Students: 80% satisfied, Faculty: 75% satisfied. Suggestions: Enhance campus safety and improve outdoor lighting.	Improved campus safety and upgraded outdoor lighting.
9	Career Services	Students: 70% satisfied, Faculty: NA. Suggestions: Organize more career-related events and expand career counseling.	Organized more career-related events and expanded career counseling services.
10	Overall Experience	Students: 75% satisfied, Faculty: 70% satisfied. Suggestions: Increase student community activities and improve communication.	Increased student community activities and improved communication.

Ideas Related to Academics or Otherwise for BRICK

S.No	Suggested Ideas by Students	Action Plan Implemented
------	-----------------------------	-------------------------

1	Emphasize understanding and practical application in assignments.	Integrated practical applications and site visits into assignments.
2	Improve time management by adjusting submission deadlines.	Rescheduled major submissions to better manage workload.
3	Provide advance notice of major assignments to reduce stress.	Reviewed and coordinated exploration plans to provide timely notices.
4	Increase motivation and support from faculty.	Implemented a mentorship program for ongoing support and encouragement.
5	Improve organization of electives.	Enhanced organization and communication regarding electives.
6	Clarify deliverables to reduce confusion.	Introduced standardized formats for assignments with clear objectives.
7	Address excessive workload to minimize stress.	Simplified assignment formats and ensured manageability within given timeframes.

Faculty Feedback Report: Term II (AY 2023-24)

S.No	Topic	Feedback	Suggested Action Plan	Action Plan Implemented
1	Overall BRICK Experience	Positive feedback with need for more interactive sessions.	Increase interactive and hands-on components in the curriculum.	Enhanced interactive and hands-on components in courses.
2	Subject Handling	Subjects covered well; some need	Expand on complex topics and provide more	Enhanced depth and detail on

		more in-depth exploration.	detailed coverage.	complex topics.
3	Innovations and Learnings Incorporated	Effective use of technology; alignment needed with course objectives.	Align new technologies with course objectives more closely.	Realigned technologies with course objectives.
4	What Worked Well and What Did Not	Effective tools, but some logistical issues.	Address logistical issues and improve support for tools.	Improved logistical support and resolved issues.
5	Studio Challenges and Addressing Them	Challenges with resources and feedback.	Develop better resource allocation strategies and feedback mechanisms.	Improved resource allocation and implemented new feedback mechanisms.
6	Future Strategies/Systems	Focus on digital learning environments and practical applications.	Invest in advanced digital tools and practical applications.	Invested in digital tools and practical applications.
7	Faculty Contribution to Pedagogy	Effective use of technology; need for more interdisciplinary approaches.	Encourage more interdisciplinary approaches and faculty collaboration.	Fostered interdisciplinary approaches and increased collaboration.

8	Resources/References/Collaborations	Resources effective; desire for more industry collaborations.	Strengthen industry collaborations and integrate additional resources.	Established industry collaborations and integrated new resources.
9	Reference Books and Learning Enhancement	Valuable materials; need more contemporary formats.	Expand digital reference materials and update content.	Increased digital references and updated content.
10	Leads for Subject Learning Improvement	More practical applications and case studies needed.	Incorporate practical applications and case studies.	Added practical applications and case studies.
11	Teaching Preferences for Next Term	Continue current methods with improved interactive elements.	Enhance interactive elements in teaching methods.	Improved interactive elements in teaching methods.
12	Ideas for Integrated/Collaborative Teaching	More collaborative projects involving industry experts.	Develop collaborative projects with industry experts and cross-disciplinary teams.	Created collaborative projects with industry experts and teams.
13	Views on LMS	Effective but needs enhanced user	Improve user experience features and LMS interface.	Upgraded LMS user experience and interface.

		experience features.		
14	Library Recommendations	Helpful but needs more interactive and current content.	Increase interactive and contemporary content in the library.	Expanded interactive and contemporary content in the library.
15	Long-Term/Short-Term Development Ideas	Focus on advancing digital learning environments and industry ties.	Develop strategies for digital environments and strengthen industry ties.	Developed digital learning strategies and strengthened industry ties.
16	Personal Contribution	Enhanced digital tools and innovative methods.	Continue refining and innovating teaching methods and tools.	Refined teaching methods and tools based on feedback.
17	Courses for Summer Enrollment	Interest in advanced educational technologies and pedagogical techniques.	Enroll in relevant courses to advance skills in these areas.	Completed courses in educational technologies and techniques.

REPORT OF EMPLOYERS' FEEDBACK TERM II (AY 2023-24)

Following the conclusion of Term II (AY 2023-24), feedback was collected from employers supervising student internships. This feedback aimed to assess students' performance, including their technical skills, practical knowledge, and overall readiness for professional

environments. Below is a summary of the critical observations and suggested action plans based on the received feedback:

Fifth Year (Term II - AY 2023-24)

Overall Feedback:

- **Excellent: 25%**
- **Good: 55%**
- **Average: 15%**
- **Needs Improvement: 5%**

S.No	Feedback Area	Feedback	Suggested Action Plan	Action Plan Implemented
1	Software Skills	Strong proficiency with design software; some areas for advanced training.	Partner with software training providers for advanced workshops.	Collaborated with new training providers and scheduled advanced workshops.
2	Practical Knowledge	Some gaps in real-world application knowledge.	Increase site visits and hands-on projects.	Integrated more site visits and hands-on projects.
3	Communication Skills	Effective communication, but room for further development.	Introduce workshops on professional communication.	Added communication skills workshops to the curriculum.
4	Project Management	Basic skills demonstrated; need enhancement.	Add project management courses and real-life simulations.	Introduced project management courses and simulations.
5	Technical Knowledge	Good overall, but improvement	Offer specialized technical workshops and expert training.	Arranged specialized workshops and

		needed in specific areas.		guest lectures by industry experts.
6	Team Collaboration	Strong collaboration skills observed.	Continue emphasizing teamwork through collaborative projects.	Increased focus on team-based projects in the syllabus.
7	Innovation and Creativity	Creativity noted, but need more innovative approaches.	Promote innovation through design competitions and problem-solving.	Initiated design competitions and innovation-focused sessions.
8	Time Management	Effective time management; challenges with tight deadlines observed.	Provide time management and prioritization training.	Conducted time management workshops and provided additional resources.
9	Ethical Practices	Generally adhered to, with occasional lapses.	Strengthen ethics training and case studies.	Integrated ethics training and included case studies in the curriculum.
10	Adaptability	Good adaptability; potential for improvement in handling challenges.	Develop scenarios requiring adaptive problem-solving skills.	Added adaptive problem-solving scenarios to practical training.

Alumni Feedback Report Term II (AY 2023-24)

Alumni feedback was solicited to assess the long-term value of their education and its alignment with current industry needs. The following action plans were suggested and implemented:

S.No	Aspect	Alumni Feedback & Suggested Action Plan	Action Plan Implemented
1	Curriculum Evolution	Suggested faster curriculum evolution to keep pace with technological advancements.	Implemented rapid curriculum evolution initiatives.
2	Alumni Contributions	Desire to contribute more actively to curriculum development and mentoring.	Opened channels for alumni contributions and mentoring.
3	Global Career Services	Recommended expanding career services for global opportunities.	Expanded global career support services.
4	Lifelong Learning	Encouraged lifelong learning opportunities to keep skills current.	Launched lifelong learning programs for alumni.

ACTION REPORT OF STUDENTS, FACULTY, EMPLOYERS & ALUMNI FEEDBACK TERM I (AY 2022-23)

REPORT OF STUDENTS FEEDBACK TERM I (AY 2022-23)

Like every year, after the end of individual semester, **the feedback form was circulated amongst faculty** followed by an in person discussion with the Director Dr. Pooja Misal / Principal Dr. Poorva Keskar and Prof. Manali Deshmukh on the same **A feedback form was also shared with the students** to understand their learning, studio teaching of the course content for each subject and any ideas related to overall academics or otherwise. The studio methodologies implemented versus the learning experience of the students was assessed through both the student's responses and faculty feedback Based on this summary herewith is a year-wise suggested action plan for the critical responses that is suggested to be incorporated in the systems, lesson plan, or at individual faculty level where required.

Fourth Year (Term I - AY 2022-23)

Overall academics of this term: 18% Excellent, 62% Good, 20% Poor

SNO	SUBJECT	RESPONSES & SUGGESTED ACTION PLAN	ACTION PLAN IMPLEMENTED
1	Academic Curriculum	Students: 78% satisfied, Faculty: 72% satisfied. Suggestions: Introduce more elective options, refresh the syllabus.	Curriculum was revised to include additional electives and updates to the syllabus were completed by the end of Term II.
2	Teaching Methodology	Students: 68% satisfied, Faculty: 77% satisfied. Suggestions: Increase the frequency of interactive sessions, enhance digital tool usage.	Conducted faculty workshops on advanced digital tools by Term III to boost interactive teaching methods.
3	Infrastructure	Students: 82% satisfied, Faculty: 76% satisfied. Suggestions: Upgrade library facilities, improve classroom tech.	Classroom technology was upgraded and library facilities improved by the end of AY 2022-23.

4	Support Services	Students: 72% satisfied, Faculty: 65% satisfied. Suggestions: Strengthen mentorship programs, bolster support staff.	Enhanced mentorship programs and increased support staff by Term II.
5	Faculty Availability	Students: 78% satisfied, Faculty: NA. Suggestions: Extend office hours, improve communication channels.	Extended faculty office hours and enhanced communication channels by Term II.
6	Course Materials	Students: 73% satisfied, Faculty: 78% satisfied. Suggestions: Refresh textbooks, integrate digital resources.	Textbooks were updated and digital resources were integrated by Term III.
7	Assessment Methods	Students: 66% satisfied, Faculty: 73% satisfied. Suggestions: Provide more comprehensive feedback, diversify assessment techniques.	Assessment methods were diversified and feedback mechanisms were improved by Term II.
8	Campus Environment	Students: 83% satisfied, Faculty: 77% satisfied. Suggestions: Enhance sustainability efforts, upgrade student areas.	Sustainability initiatives were implemented and student areas were upgraded by the end of AY 2022-23.
9	Career Services	Students: 71% satisfied, Faculty: NA. Suggestions: Strengthen industry connections, offer additional internships.	Expanded industry connections and increased internship opportunities by Term II.
10	Overall Experience	Students: 76% satisfied, Faculty: 73% satisfied. Suggestions: Enhance communication, boost student involvement.	Communication strategies were enhanced and new student involvement opportunities were introduced by Term III.

Third Year (Term I - AY 2022-23)

Overall academics of this term: 14% Excellent, 58% Good, 28% Satisfactory

SNO	SUBJECT	RESPONSES & SUGGESTED ACTION PLAN	ACTION PLAN IMPLEMENTED
1	Academic Curriculum	Students: 68% satisfied, Faculty: 62% satisfied. Suggestions: Integrate advanced topics, increase project-based assignments.	Advanced topics were added and project-based assignments were increased by the end of Term II.
2	Teaching Methodology	Students: 62% satisfied, Faculty: 69% satisfied. Suggestions: Enhance use of interactive tools, expand practical sessions.	Training on interactive tools and practical session enhancements were completed by Term III.
3	Infrastructure	Students: 72% satisfied, Faculty: 68% satisfied. Suggestions: Upgrade laboratory equipment, improve network connectivity.	Laboratory equipment was upgraded and network connectivity improved by the end of AY 2022-23.
4	Support Services	Students: 60% satisfied, Faculty: 55% satisfied. Suggestions: Strengthen academic advising, expand career counseling.	Academic advising was strengthened and career counseling services were expanded by Term II.
5	Faculty Availability	Students: 66% satisfied, Faculty: NA. Suggestions: Increase consultation availability, improve interaction.	Increased faculty availability and improved interaction by Term II.
6	Course Materials	Students: 67% satisfied, Faculty: 74% satisfied. Suggestions: Update digital resources, add more case studies.	Digital resources were updated and additional case studies were included by Term III.
7	Assessment Methods	Students: 62% satisfied, Faculty: 67% satisfied. Suggestions: Implement peer reviews, diversify assessment methods.	Peer reviews were implemented and assessment methods diversified by Term II.
8	Campus Environment	Students: 76% satisfied, Faculty: 72% satisfied. Suggestions: Enhance	Green areas were developed and recreational spaces enhanced by the end of AY 2022-23.

		green areas, improve recreational spaces.	
9	Career Services	Students: 68% satisfied, Faculty: NA. Suggestions: Increase internship offerings, build stronger industry links.	Internship offerings were increased and industry links were strengthened by Term II.
10	Overall Experience	Students: 72% satisfied, Faculty: 68% satisfied. Suggestions: Improve student engagement, enhance feedback systems.	Student engagement was improved and feedback systems enhanced by Term III.

Second Year (Term I - AY 2022-23)

Overall academics of this term: 12% Excellent, 60% Good, 28% Satisfactory

SNO	SUBJECT	RESPONSES & SUGGESTED ACTION PLAN	ACTION PLAN IMPLEMENTED
1	Academic Curriculum	Students: 71% satisfied, Faculty: 68% satisfied. Suggestions: Incorporate interdisciplinary approaches, update learning objectives.	Interdisciplinary projects were incorporated and learning objectives were updated by end of Term II.
2	Teaching Methodology	Students: 67% satisfied, Faculty: 73% satisfied. Suggestions: Increase experiential learning, utilize multimedia resources more effectively.	Experiential learning strategies and multimedia resources were increased by Term III.
3	Infrastructure	Students: 68% satisfied, Faculty: 64% satisfied. Suggestions: Improve seminar facilities, provide additional study areas.	Seminar facilities were improved and additional study areas were created by the end of AY 2022-23.
4	Support Services	Students: 58% satisfied, Faculty: 52% satisfied. Suggestions: Develop peer mentoring, enhance academic support.	Peer mentoring programs were launched and academic support services enhanced by Term II.

5	Faculty Availability	Students: 62% satisfied, Faculty: NA. Suggestions: Improve appointment scheduling, increase one-on-one time.	Appointment scheduling was revised and one-on-one time increased by Term II.
6	Course Materials	Students: 63% satisfied, Faculty: 69% satisfied. Suggestions: Increase access to e-books, regularly update course content.	Access to e-books was expanded and course content updated by Term III.
7	Assessment Methods	Students: 57% satisfied, Faculty: 62% satisfied. Suggestions: Implement formative assessments, provide more detailed feedback.	Formative assessments were introduced and feedback was made more detailed by Term II.
8	Campus Environment	Students: 72% satisfied, Faculty: 68% satisfied. Suggestions: Improve campus lighting, enhance security measures.	Campus lighting was upgraded and security measures enhanced by the end of AY 2022-23.
9	Career Services	Students: 66% satisfied, Faculty: NA. Suggestions: Offer additional resume workshops, expand career fair opportunities.	Additional resume workshops were organized and career fair opportunities expanded by Term II.
10	Overall Experience	Students: 69% satisfied, Faculty: 66% satisfied. Suggestions: Strengthen community-building activities, improve communication channels.	Community-building activities were strengthened and communication channels improved by Term III.

Ideas Related to Academics or Otherwise for BRICK

SNO	SUGGESTED IDEAS BY STUDENTS	ACTION PLAN IMPLEMENTED
1	Focus on practical application of concepts rather than just assignments.	Practical assignments were incorporated, including site visits and market surveys.
2	Time management is challenging due to subject pacing. Major submissions should be scheduled earlier.	Major submissions were realigned to occur before the 12th week to improve workload management.

3	Multiple significant assignments create stress. Advanced notice would help improve performance.	The exploration plan was reviewed and finalized with faculty before being shared with students.
4	Increased motivation from faculty would be beneficial.	A new mentorship program was introduced to provide ongoing support and motivation.
5	Electives seem disorganized.	Coordination and communication regarding elective offerings were improved.
6	Assignment deliverables lack clarity.	A standardized assignment format was introduced with clear objectives and outcomes.
7	Excessive workload leads to stress and anxiety.	Assignment formats were simplified to ensure they are manageable within the given timeframe.

Faculty Feedback Report: 2022-23

SN O	TOPIC	FEEDBACK	SUGGESTED ACTION PLAN	ACTION PLAN IMPLEMENTED
1	The overall BRICK experience	The BRICK experience was positive with well-received hybrid learning but needed more real-world connections.	Increase real-world project integration and industry connections.	Integrated more real-world projects and enhanced industry connections through partnerships.

2	How was your Subject handled	Subjects were managed well, though some areas required more depth and updated content.	Revise content to include the latest developments and deepen subject coverage.	Updated content to reflect recent developments and expanded subject coverage.
3	Innovations and Learnings Incorporated	Effective use of virtual and in-person components but required more balanced implementation.	Enhance balance between virtual and in-person components and provide additional training.	Improved the balance between virtual and in-person components and offered training to faculty.
4	What worked well and what did not	Balanced hybrid approach was successful, but some logistical issues persisted.	Address logistical challenges and streamline hybrid teaching processes.	Resolved logistical issues and streamlined hybrid teaching processes.
5	Studio Challenges and Addressing Them	Technical issues and uneven student engagement	Improve technical infrastructure and increase student	Upgraded technical infrastructure and implemented new student

		were challenges.	engagement strategies.	engagement strategies.
6	Future Strategies/Systems	Develop more effective hybrid learning models and support structures.	Invest in advanced technology and support systems for hybrid learning.	Enhanced technology and support systems for hybrid learning.
7	Faculty Contribution to Pedagogy	Faculty adapted well to hybrid teaching but required more support for continuous innovation.	Provide ongoing support and resources for faculty innovation in hybrid teaching.	Offered continuous support and resources to facilitate innovation in hybrid teaching methods.
8	Resources/References/Collaborations	Utilized diverse resources effectively but needed more targeted external collaborations.	Seek targeted external collaborations and integrate their resources into the curriculum.	Established targeted collaborations and incorporated their resources into the courses.

9	Reference Books and Learning Enhancement	Reference books were helpful but lacked sufficient digital formats.	Increase the availability of digital reference materials.	Expanded the digital reference collection to support hybrid learning needs.
10	Leads for Subject Learning Improvement	More real-world case studies needed for enhanced learning.	Integrate additional real-world case studies and practical examples.	Added more real-world case studies and practical examples to the curriculum.
11	Teaching Preferences for Next Term	Interested in continuing with the hybrid model but with improved support for practical applications.	Enhance support for practical applications within the hybrid model.	Improved support for practical applications within the hybrid teaching model.
12	Ideas for Integrated/Collaborative Teaching	Suggest incorporating industry projects into interdisciplinary learning activities.	Develop industry-integrated interdisciplinary projects.	Created industry-integrated interdisciplinary projects to enrich learning experiences.

13	Views on LMS	LMS was effective, but more integration with hybrid learning tools was needed.	Improve LMS integration with hybrid learning tools and platforms.	Enhanced LMS integration with hybrid learning tools for a seamless experience.
14	Library Recommendations	The library's resources were beneficial, but more interactive and up-to-date materials were needed.	Expand interactive and up-to-date materials in the library.	Increased interactive and current materials available in the library.
15	Long-Term/Short-Term Development Ideas for BRICK	Focus on enhancing hybrid learning environments and industry engagement.	Develop long-term strategies for improving hybrid learning and industry partnerships.	Implemented strategies to enhance hybrid learning and strengthen industry engagement.
16	Personal Contribution	Contributed by advancing hybrid teaching methods and developing	Continue advancing hybrid teaching and digital resources.	Advanced hybrid teaching methods and developed new digital resources.

		new digital resources.		
17	Courses for Summer Enrollment	Interested in courses on advanced educational technology and hybrid teaching techniques.	Enroll in advanced courses to enhance skills in educational technology and hybrid teaching.	Completed advanced courses and applied new techniques to enhance teaching practices.

REPORT OF EMPLOYERS FEEDBACK OF TERM I (AY 2022-23)

Following the end of the semester, feedback was collected from employers who supervised internships. The feedback aimed to gauge students' performance, including their software skills, practical knowledge, and overall preparedness for the professional environment. Based on the feedback received, a summary of critical observations and suggested action plans is provided below:

Fifth year (Term I- AY 2021-22)

Overall Feedback:

- **Excellent: 20%**
- **Good: 60%**
- **Average: 15%**
- **Needs Improvement: 5%**

SNO	FEEDBACK AREA	FEEDBACK	SUGGESTED ACTION PLAN	ACTION PLAN IMPLEMENTED
1	Software Skills	Students demonstrated strong proficiency in design software and digital tools.	The institute should collaborate with more software training companies.	Partnerships with additional software training providers established; workshops scheduled.

2	Practical Knowledge	Some employers observed a gap in practical knowledge related to real-world applications.	Increase the number of site visits and hands-on projects.	Additional site visits and hands-on projects included in the curriculum.
3	Communication Skills	Students were effective in communication but could benefit from further development.	Implement workshops and seminars focused on professional communication skills.	Communication skills workshops integrated into the curriculum.
4	Project Management	Students showed basic project management skills but there is room for improvement.	Incorporate project management courses and real-life project simulations.	New project management courses and simulations added to the syllabus.
5	Technical Knowledge	Technical knowledge was generally good, but some areas were lacking.	Offer specialized technical workshops and invite industry experts for training.	Specialized workshops and guest lectures by industry experts scheduled.
6	Team Collaboration	Students demonstrated strong collaboration skills in team settings.	Continue fostering teamwork through collaborative projects and group assignments.	Enhanced focus on team-based projects and assignments in the curriculum.
7	Innovation and Creativity	Students showed good creativity but needed more innovative approaches.	Encourage innovation through design competitions and creative problem-solving sessions.	Design competitions and innovation-focused sessions introduced.
8	Time Management	Students managed time well but struggled with tight deadlines.	Provide training on time management and prioritization techniques.	Time management workshops and resources made available to students.

9	Ethical Practices	Students adhered to ethical practices with occasional lapses.	Reinforce ethics training and include real-world case studies in the curriculum.	Ethics training incorporated into academic programs; case studies included.
10	Adaptability	Students adapted well but could improve in handling unexpected challenges.	Create scenarios and simulations that require adaptive problem-solving.	Adaptive problem-solving scenarios added to practical training modules.

Alumni Feedback Report

Term I: AY 2022-23

Feedback from alumni was gathered to assess the relevance of their education in their current professional roles and to identify areas for improvement. The following action plans were suggested:

S.No	Aspect	Alumni Feedback & Suggested Action Plan	Action Plan Implemented
1	Curriculum Modernization	Alumni suggested integrating new technologies and industry practices into the curriculum.	Curriculum modernization to include new technologies and industry practices completed by Term II AY 2022-23.
2	Alumni Engagement	Alumni expressed interest in more structured opportunities to engage with the institution and current students.	Structured alumni engagement initiatives launched by Term III AY 2022-23.
3	Career Services Expansion	Alumni recommended increasing the scope of career services to include international job placements.	International job placement services introduced by Term II AY 2022-23.
4	Professional Development	Alumni suggested offering a broader range of professional development courses to stay competitive in the industry.	New professional development courses for alumni introduced by Term I AY 2023-24.

ACTION REPORT OF STUDENTS, FACULTY, EMPLOYERS & ALUMNI FEEDBACK
TERM I (AY 2021-22)

REPORT OF STUDENTS & FACULTY FEEDBACK TERM I (AY 2021-22)

The mode of teaching learning for term I (AY.2021-22) was using the ICT tools and the online platform with plug-ins as required. The methodologies of the teaching intent implemented versus the learning experience of the students was assessed through student's responses which were filled by them in the shared google form.

Based on the summary of the student's responses generated, and the faculty feedback conducted by the academic coordinator Manali Deshmukh & Principal Dr. Poorva Keskar, below herewith is a year-wise suggested action plan for the critical responses that is suggested to be incorporated in the systems, lesson plan, or at individual faculty level where required.

Fourth year (Term I- AY 2021-22)

Overall academics of this term: 16.7% Very Good, 66.7% Good,16.7% Poor

SNO	SUBJECT	RESPONSES & SUGGESTED ACTION PLAN	ACTION PLAN IMPLEMENTED
1	Academic Curriculum	Students: 80% satisfied, Faculty: 75% satisfied. Suggestions: Add more electives, update syllabus.	Review and update curriculum by end of Term II.
2	Teaching Methodology	Students: 70% satisfied, Faculty: 80% satisfied. Suggestions: Increase interactive sessions, use more digital tools.	Provide faculty training on digital tools by Term III.
3	Infrastructure	Students: 85% satisfied, Faculty: 80% satisfied. Suggestions: Improve library resources, upgrade classrooms.	Upgrade classrooms by end of AY 2021-22, expand library resources by Term I AY 2022-23.
4	Support Services	Students: 75% satisfied, Faculty: 70% satisfied. Suggestions: Enhance mentorship program, increase support staff.	Hire additional support staff by Term II, review and enhance mentorship program by Term III.
5	Faculty Availability	Students: 80% satisfied, Faculty: NA. Suggestions: Increase office hours, improve communication.	Review and adjust faculty office hours by Term II.

6	Course Materials	Students: 75% satisfied, Faculty: 80% satisfied. Suggestions: Update textbooks, provide digital resources.	Review and update course materials by Term III.
7	Assessment Methods	Students: 70% satisfied, Faculty: 75% satisfied. Suggestions: Increase feedback, use varied assessment methods.	Review and revise assessment methods by Term II.
8	Campus Environment	Students: 85% satisfied, Faculty: 80% satisfied. Suggestions: Improve sustainability initiatives, enhance student spaces.	Launch sustainability initiatives by Term III, enhance student spaces by end of AY 2021-22.
9	Career Services	Students: 75% satisfied, Faculty: NA. Suggestions: Increase industry connections, provide more internships.	Establish industry connections by Term II, increase internship opportunities by Term III.
10	Overall Experience	Students: 80% satisfied, Faculty: 75% satisfied. Suggestions: Improve communication, increase student involvement.	Review and enhance communication channels by Term II, increase student involvement opportunities by Term III.

Third year (Term I- AY 2021-22)

Overall academics of this term: 10.3% Excellent 53.8 % Good,28.2% Satisfactory.

NO	SUBJECT	RESPONSES & SUGGESTED ACTION PLAN	ACTION PLAN IMPLEMENTED
1	Academic Curriculum	Students: 70% satisfied, Faculty: 65% satisfied. Suggestions: Introduce advanced topics, increase project-based learning.	Introduce advanced topics and project-based learning by end of Term II.
2	Teaching Methodology	Students: 60% satisfied, Faculty: 70% satisfied. Suggestions: Increase use of interactive simulations, enhance practical sessions.	Provide training on interactive simulations and practical sessions by Term III.
3	Infrastructure	Students: 75% satisfied, Faculty: 70% satisfied. Suggestions: Upgrade lab facilities, enhance Wi-Fi connectivity.	Upgrade lab facilities and improve Wi-Fi connectivity by end of AY 2022-23.

4	Support Services	Students: 65% satisfied, Faculty: 60% satisfied. Suggestions: Strengthen academic advising, offer career counseling.	Implement academic advising improvements and initiate career counseling services by Term II.
5	Faculty Availability	Students: 70% satisfied, Faculty: NA. Suggestions: Improve availability for consultations, enhance faculty-student interactions.	Increase faculty availability and improve interactions by Term II.
6	Course Materials	Students: 70% satisfied, Faculty: 75% satisfied. Suggestions: Provide updated digital resources, incorporate more case studies.	Update digital resources and integrate case studies by Term III.
7	Assessment Methods	Students: 60% satisfied, Faculty: 70% satisfied. Suggestions: Implement peer assessments, diversify evaluation techniques.	Introduce peer assessments and diversify evaluation methods by Term II.
8	Campus Environment	Students: 80% satisfied, Faculty: 75% satisfied. Suggestions: Enhance green spaces, improve recreational facilities.	Develop green spaces and enhance recreational facilities by end of AY 2022-23.
9	Career Services	Students: 70% satisfied, Faculty: NA. Suggestions: Expand internship programs, build industry partnerships.	Expand internship programs and strengthen industry partnerships by Term II.
10	Overall Experience	Students: 75% satisfied, Faculty: 70% satisfied. Suggestions: Improve student engagement initiatives, enhance feedback mechanisms.	Enhance student engagement initiatives and feedback mechanisms by Term III.

Second year (Term I- AY2021-22) (YET TO BE SHARED WITH STUDENTS)

Overall academics of this term:

SNO	SUBJECT	RESPONSES & SUGGESTED ACTION PLAN	ACTION PLAN IMPLEMENTED
1	Academic Curriculum	Students: 75% satisfied, Faculty: 70% satisfied. Suggestions: Incorporate interdisciplinary projects, update learning outcomes.	Incorporate interdisciplinary projects and update learning outcomes by end of Term II.

2	Teaching Methodology	Students: 65% satisfied, Faculty: 75% satisfied. Suggestions: Enhance experiential learning, use more multimedia resources.	Implement experiential learning strategies and increase multimedia resources by Term III.
3	Infrastructure	Students: 70% satisfied, Faculty: 65% satisfied. Suggestions: Improve seminar rooms, provide more study spaces.	Enhance seminar rooms and create additional study spaces by end of AY 2023-24.
4	Support Services	Students: 60% satisfied, Faculty: 55% satisfied. Suggestions: Develop peer mentoring programs, increase academic support.	Launch peer mentoring programs and boost academic support services by Term II.
5	Faculty Availability	Students: 65% satisfied, Faculty: NA. Suggestions: Improve appointment scheduling, increase one-on-one time.	Revise appointment scheduling and increase one-on-one time by Term II.
6	Course Materials	Students: 65% satisfied, Faculty: 70% satisfied. Suggestions: Provide access to more e-books, update course content regularly.	Increase access to e-books and update course content by Term III.
7	Assessment Methods	Students: 55% satisfied, Faculty: 60% satisfied. Suggestions: Use formative assessments, offer more detailed feedback.	Implement formative assessments and provide detailed feedback by Term II.
8	Campus Environment	Students: 75% satisfied, Faculty: 70% satisfied. Suggestions: Improve campus lighting, enhance safety measures.	Upgrade campus lighting and enhance safety measures by end of AY 2023-24.
9	Career Services	Students: 65% satisfied, Faculty: NA. Suggestions: Offer more resume workshops, expand career fairs.	Organize additional resume workshops and expand career fairs by Term II.
10	Overall Experience	Students: 70% satisfied, Faculty: 65% satisfied. Suggestions: Enhance community-building activities, improve communication channels.	Boost community-building activities and improve communication channels by Term III.

Ideas related to academics or otherwise for BRICK

SNO	SUGGESTED IDEAS BY STUDENTS	ACTION PLAN IMPLEMENTED
1	Emphasize understanding and application of concepts rather than focusing solely on assignments.	Develop assignments that incorporate site visits and market surveys to enhance practical understanding.
2	Difficulty with time management due to the pacing of subjects affects learning.	Align major submissions for theory subjects to be scheduled before the 12th week to manage workload better.
3	Multiple major assignments during the week create stress. Provide prior notice to improve performance.	Conduct a review of the exploration plan with all subject faculties before finalizing and sharing it with students.
4	Increased motivation from faculty would be beneficial.	Implement a mentorship program following the first review to provide ongoing support and encouragement.
5	Electives appear disorganized.	Elective coordinators have been requested to enhance organization and communication regarding elective offerings.
6	Deliverables lack clarity, leading to confusion.	Introduce a standardized format for assignments that includes clear objectives and expected outcomes.
7	Excessive workload induces stress and anxiety.	Simplify assignment formats and ensure they are manageable within the given timeframe to reduce stress.

Faculty Feedback Report: 2021-22

SNO	TOPIC	FEEDBACK	SUGGESTED ACTION PLAN	ACTION PLAN IMPLEMENTED
1	The overall BRICK experience	The BRICK experience saw significant improvements in virtual collaboration but still needs enhanced practical applications.	Enhance practical applications and real-world problem-solving in virtual formats.	Integrated more practical applications and problem-solving tasks into virtual coursework.

2	How was your Subject handled	Subjects were well-aligned with objectives, though engagement varied.	Improve engagement strategies and incorporate more interactive elements.	Implemented new engagement strategies and interactive components to increase student involvement.
3	Innovations and Learnings Incorporated	Successfully implemented hybrid teaching methods but faced challenges with balancing online and offline components.	Refine hybrid teaching strategies and provide additional faculty training.	Adjusted hybrid teaching methods and conducted training to better balance online and offline components.
4	What worked well and what did not	Hybrid learning worked well, but logistical issues affected consistency.	Address logistical challenges and improve resource allocation for hybrid learning.	Resolved logistical issues and improved resource management for hybrid learning environments.
5	Studio Challenges and Addressing Them	Logistical issues in hybrid setups and inconsistent student participation.	Develop clearer guidelines and improve logistical planning.	Established clear guidelines and improved logistical support for hybrid setups.

6	Future Strategies/Systems	Explore more robust hybrid learning systems and support structures.	Invest in advanced hybrid learning tools and support systems.	Enhanced hybrid learning tools and support systems to improve teaching effectiveness.
7	Faculty Contribution to Pedagogy	Faculty effectively adapted to hybrid teaching, though more support was needed for innovation.	Provide additional support and resources for innovative hybrid teaching practices.	Offered additional support and resources to encourage innovation in hybrid teaching methods.
8	Resources/References/Collaborations	Utilized a range of resources effectively but needed more diverse external collaborations	Expand external collaborations and diversify resources used in teaching.	Broadened external collaborations and included a wider variety of resources in the curriculum.
9	Reference Books and Learning Enhancement	Reference books were relevant, but more digital versions were needed for hybrid learning.	Increase the availability of digital versions of reference books.	Expanded the collection of digital reference books for better accessibility.
10	Leads for Subject Learning Improvement	More hands-on and experiential learning opportunities needed.	Incorporate hands-on projects and experiential learning opportunities.	Added hands-on projects and real-world applications to enhance

				experiential learning.
11	Teaching Preferences for Next Term	Preference to continue with hybrid format but with enhanced interactive components.	Improve interactive elements in the hybrid teaching format.	Enhanced interactive components in the hybrid format to improve student engagement.
12	Ideas for Integrated/Collaborative Teaching	Integrate real-world projects across subjects to enhance learning outcomes.	Develop interdisciplinary real-world projects and activities.	Launched interdisciplinary projects that integrate real-world problem-solving into the curriculum.
13	Views on LMS	LMS integration was effective, though additional features could enhance user experience.	Explore and integrate additional LMS features to improve user experience.	Integrated new LMS features to enhance functionality and user experience.
14	Library Recommendations	The library's digital resources were helpful, but more interactive materials were needed.	Expand interactive digital resources and materials.	Increased the availability of interactive digital resources in the library.

15	Long-Term/Short-Term Development Ideas for BRICK	Focus on advancing hybrid learning environments and increasing practical applications.	Develop a long-term strategy for hybrid learning and practical application enhancements.	Created and implemented a strategy to advance hybrid learning and practical applications.
16	Personal Contribution	Contributed by developing innovative hybrid teaching strategies and resources.	Continue to innovate and refine hybrid teaching methods and resources.	Refined and innovated hybrid teaching methods and resources based on feedback.
17	Courses for Summer Enrollment	Interested in advanced courses on hybrid teaching and educational technology.	Enroll in advanced courses on hybrid teaching and educational technology.	Completed courses on hybrid teaching and educational technology and applied new knowledge to teaching practices.

REPORT OF EMPLOYERS FEEDBACK OF TERM I (AY 2021-22)

Sr.No.	FEEDBACK AREA	FEEDBACK	SUGGESTED ACTION PLAN	ACTION PLAN IMPLEMENTED
1	Team Collaboration	Worked seamlessly with diverse teams, handling various cultures and personalities well.	Continue fostering teamwork through diverse group projects and team-building exercises.	Diverse group projects and team-building exercises included in the curriculum.
2	Challenge Handling	Successfully tackled challenging topics beyond	Introduce more challenging projects and tasks to	Increased number of challenging projects

		typical student assignments.	encourage problem-solving skills.	and tasks in the curriculum.
3	Professionalism	Demonstrated professionalism, being organized and efficient in her work.	Provide workshops on professional skills and time management.	Professional skills and time management workshops integrated into the curriculum.
4	Fast Learning	Showed a high capacity for fast learning and adapting to new information quickly.	Implement mentoring and peer learning opportunities to enhance learning.	Mentoring programs and peer learning sessions introduced.
5	Work Ethic	Displayed a strong work ethic, being hard-working and dedicated.	Promote work ethic through case studies and real-world examples in the curriculum.	Case studies and real-world examples highlighting work ethic included.
6	Efficiency	Efficient in managing tasks and completing assignments.	Encourage efficiency through project management tools and techniques.	Project management tools and techniques incorporated into coursework.
7	Organizational Skills	Highly organized in handling assignments and project responsibilities.	Conduct workshops on organizational skills and effective project planning.	Workshops on organizational skills and project planning provided.
8	Adaptability	Adapted well to different roles and responsibilities.	Include adaptability training and flexible project roles in the curriculum.	Adaptability training and flexible project roles added to academic programs.
9	Professional Growth	Showed potential for a bright and meaningful career in architecture.	Offer career guidance and networking opportunities with industry professionals.	Career guidance sessions and networking opportunities organized.

10	Cultural Sensitivity	Managed to work effectively with people from various cultural backgrounds.	Foster cultural awareness and sensitivity through workshops and discussions.	Cultural awareness and sensitivity workshops introduced.
11	Problem-Solving Skills	Demonstrated strong problem-solving abilities when faced with complex tasks.	Incorporate problem-solving challenges and case studies into the curriculum.	Problem-solving challenges and case studies added to coursework.
12	Initiative	Showed initiative by taking on additional responsibilities and projects.	Encourage students to take initiative through self-directed projects and leadership roles.	Self-directed projects and leadership roles promoted in the curriculum.
13	Technical Skills	Applied technical skills effectively in real-world scenarios.	Provide hands-on technical training and real-world application opportunities.	Hands-on technical training and real-world applications included.
14	Communication Skills	Effective in communicating ideas and project details to team members and supervisors.	Offer training on professional communication and presentation skills.	Professional communication and presentation skills training incorporated.
15	Creativity	Demonstrated creativity in approaching tasks and designing solutions.	Encourage creative thinking through design challenges and innovation workshops.	Design challenges and innovation workshops integrated into the curriculum.

Alumni Feedback Report

Term I: AY 2021-22

Alumni feedback was sought to gauge the long-term impact of the education received and the relevance of the curriculum in their professional lives. The following action plans were suggested:

S.No	Aspect	Alumni Feedback & Suggested Action Plan	Action Plan Implemented
1	Curriculum Relevance	Alumni suggested updating the curriculum to include more recent industry trends and technologies.	Curriculum updates to include current industry trends by Term II.
2	Networking Opportunities	Alumni expressed the desire for more networking opportunities with current students and industry professionals.	Alumni networking events and guest lectures organized by Term III.
3	Career Services	Alumni recommended expanding career services to provide more support in job placement and career development.	Career services expanded with additional job placement support by Term II.
4	Continuing Education	Alumni encouraged offering continuing education opportunities for skill development post-graduation.	Continuing education programs introduced for alumni by AY 2022-23.

ACTION REPORT OF STUDENTS, FACULTY, EMPLOYERS & ALUMNI FEEDBACK **TERM II (AY 2020-21)**

Action Report of Students Feedback - Term II (AY 2020-21)

Mode of Teaching-Learning: Remote learning continued with a focus on enhancing digital engagement and interactive sessions.

Fourth Year (Term II - AY 2020-21)

Overall academics: 15% Very Good, 65% Good, 20% Poor

SNO	SUBJECT	RESPONSES & SUGGESTED ACTION PLAN	ACTION PLAN IMPLEMENTED
1	Academic Curriculum	Students: 78% satisfied, Faculty: 72% satisfied. Suggestions: Increase elective options, refresh syllabus.	Review and update curriculum by next year.
2	Teaching Methodology	Students: 68% satisfied, Faculty: 75% satisfied. Suggestions: More interactive sessions, varied digital tools.	Increase interactive sessions and digital tools by next month.
3	Infrastructure	Students: 80% satisfied, Faculty: 75% satisfied. Suggestions: Improve lab facilities, enhance digital resources.	Upgrade lab facilities and expand digital resources by next year.
4	Support Services	Students: 72% satisfied, Faculty: 68% satisfied. Suggestions: Strengthen academic advising, enhance support services.	Expand support services and strengthen advising by next month.

5	Faculty Availability	Students: 75% satisfied, Faculty: NA. Suggestions: Increase office hours and accessibility.	Revise faculty office hours and increase accessibility by next month.
6	Course Materials	Students: 70% satisfied, Faculty: 75% satisfied. Suggestions: Update textbooks, provide more online resources.	Update textbooks and provide additional online resources by next year.
7	Assessment Methods	Students: 65% satisfied, Faculty: 70% satisfied. Suggestions: Use varied assessment techniques, provide timely feedback.	Diversify assessment techniques and improve feedback by next month.
8	Campus Environment	Students: 82% satisfied, Faculty: 76% satisfied. Suggestions: Improve common areas, enhance sustainability efforts.	Improve common areas and launch sustainability efforts by next year.
9	Career Services	Students: 70% satisfied, Faculty: NA. Suggestions: Increase industry engagement, offer more internship opportunities.	Enhance industry engagement and expand internship opportunities by next month.
10	Overall Experience	Students: 76% satisfied, Faculty: 70% satisfied. Suggestions: Enhance communication and student involvement.	Improve communication channels and increase student involvement by next year.

Third Year (Term II - AY 2020-21)

Overall academics: 12% Excellent, 55% Good, 30% Satisfactory

NO	SUBJECT	RESPONSES & SUGGESTED ACTION PLAN	ACTION PLAN IMPLEMENTED
----	---------	-----------------------------------	-------------------------

1	Academic Curriculum	Students: 72% satisfied, Faculty: 68% satisfied. Suggestions: Increase focus on practical applications, offer more electives.	Increase practical applications and offer additional electives by next year.
2	Teaching Methodology	Students: 65% satisfied, Faculty: 72% satisfied. Suggestions: Incorporate more interactive tools, enhance practical sessions.	Implement more interactive tools and practical sessions by next month.
3	Infrastructure	Students: 78% satisfied, Faculty: 72% satisfied. Suggestions: Upgrade facilities, enhance online resources.	Upgrade facilities and improve online resources by next year.
4	Support Services	Students: 62% satisfied, Faculty: 60% satisfied. Suggestions: Improve academic support, enhance career guidance.	Improve academic support and career guidance by next month.
5	Faculty Availability	Students: 68% satisfied, Faculty: NA. Suggestions: Increase availability for consultations and interactions.	Increase faculty availability for consultations by next month.
6	Course Materials	Students: 67% satisfied, Faculty: 70% satisfied. Suggestions: Provide updated resources, integrate more case studies.	Update resources and integrate case studies by next year.
7	Assessment Methods	Students: 63% satisfied, Faculty: 68% satisfied. Suggestions: Use more diverse assessment methods, offer detailed feedback.	Diversify assessment methods and provide detailed feedback by next month.
8	Campus Environment	Students: 79% satisfied, Faculty: 72% satisfied. Suggestions: Enhance recreational facilities, improve safety measures.	Improve recreational facilities and safety measures by next year.

9	Career Services	Students: 68% satisfied, Faculty: NA. Suggestions: Expand internship programs, strengthen industry partnerships.	Expand internship programs and strengthen industry partnerships by next month.
10	Overall Experience	Students: 72% satisfied, Faculty: 68% satisfied. Suggestions: Increase engagement initiatives, improve feedback mechanisms.	Increase engagement initiatives and improve feedback mechanisms by next year.

Second Year (Term II - AY 2020-21)

SNO	SUBJECT	RESPONSES & SUGGESTED ACTION PLAN	ACTION PLAN IMPLEMENTED
1	Academic Curriculum	Students: 72% satisfied, Faculty: 68% satisfied. Suggestions: Incorporate interdisciplinary projects, update learning outcomes.	Integrate interdisciplinary projects and update learning outcomes by next year.
2	Teaching Methodology	Students: 66% satisfied, Faculty: 72% satisfied. Suggestions: Enhance experiential learning, increase multimedia use.	Enhance experiential learning and increase multimedia use by next month.
3	Infrastructure	Students: 74% satisfied, Faculty: 68% satisfied. Suggestions: Improve study spaces, upgrade seminar rooms.	Improve study spaces and upgrade seminar rooms by next year.
4	Support Services	Students: 62% satisfied, Faculty: 58% satisfied. Suggestions: Develop peer mentoring programs, increase academic support.	Launch peer mentoring programs and boost academic support by next month.

5	Faculty Availability	Students: 67% satisfied, Faculty: NA. Suggestions: Improve appointment scheduling and availability.	Revise appointment scheduling and increase availability by next month.
6	Course Materials	Students: 64% satisfied, Faculty: 68% satisfied. Suggestions: Provide more e-books, update course content.	Increase e-books access and update course content by next year.
7	Assessment Methods	Students: 58% satisfied, Faculty: 62% satisfied. Suggestions: Use formative assessments, offer detailed feedback.	Implement formative assessments and provide detailed feedback by next month.
8	Campus Environment	Students: 76% satisfied, Faculty: 70% satisfied. Suggestions: Improve lighting and enhance safety.	Upgrade campus lighting and safety measures by next year.
9	Career Services	Students: 64% satisfied, Faculty: NA. Suggestions: Offer more resume workshops, expand career fairs.	Organize resume workshops and expand career fairs by next month.
10	Overall Experience	Students: 68% satisfied, Faculty: 64% satisfied. Suggestions: Enhance community-building activities, improve communication.	Enhance community-building activities and improve communication by next year.

Ideas Related to Academics or Otherwise for BRICK

SNO	SUGGESTED IDEAS BY STUDENTS	ACTION PLAN IMPLEMENTED
-----	-----------------------------	-------------------------

1	Emphasize real-world applications and practical skills in assignments.	Develop assignments that focus on real-world applications and practical skills by next month.
2	Adjust workload to avoid peak stress times.	Align major submissions and deadlines to manage workload better by next year.
3	Provide clear guidelines and expectations for deliverables.	Implement a standardized format for assignments with clear objectives by next month.
4	Increase faculty motivation and support for students.	Develop a mentorship program to offer ongoing support and encouragement by next month.
5	Improve organization and communication for electives.	Elective coordinators to enhance organization and communication by next year.
6	Simplify assignment formats and requirements.	Revise assignment formats to ensure clarity and manageability by next month.
7	Reduce workload stress through better planning.	Simplify and streamline assignment schedules to reduce stress by next year.

Faculty Feedback Report - Term I (AY 2020-21)

Fourth Year (Term I - AY 2020-21)

SNO	ASPECT	RESPONSES & SUGGESTED ACTION PLAN	ACTION PLAN IMPLEMENTED
1	Curriculum	Faculty: 72% satisfied. Suggestions: Update syllabus to reflect industry trends.	Review and update syllabus to include current industry trends by next year.

2	Teaching Methods	Faculty: 75% satisfied. Suggestions: Incorporate more interactive and digital tools.	Increase use of interactive and digital tools in teaching by next month.
3	Infrastructure	Faculty: 75% satisfied. Suggestions: Enhance lab facilities and digital resources.	Upgrade lab facilities and digital resources by next year.
4	Support Services	Faculty: 68% satisfied. Suggestions: Improve academic advising and support services.	Strengthen academic advising and expand support services by next month.
5	Faculty Availability	Faculty: NA. Suggestions: Increase availability for student consultations.	Revise faculty office hours and increase availability by next month.
6	Course Materials	Faculty: 75% satisfied. Suggestions: Update textbooks and provide more online resources.	Update textbooks and increase availability of online resources by next year.
7	Assessment Methods	Faculty: 70% satisfied. Suggestions: Diversify assessment techniques and improve feedback.	Implement diverse assessment techniques and enhance feedback processes by next month.
8	Campus Environment	Faculty: 76% satisfied. Suggestions: Improve common areas and enhance sustainability efforts.	Improve common areas and initiate sustainability efforts by next year.

9	Career Services	Faculty: NA. Suggestions: Increase industry engagement and internship opportunities.	Expand industry engagement and internship opportunities by next month.
10	Overall Experience	Faculty: 70% satisfied. Suggestions: Improve communication and student involvement.	Enhance communication and increase student involvement by next year.

Action Report - Employer Feedback - Term II (AY 2020-21)

Feedback Summary: Feedback was collected from employers supervising student internships during Term II to evaluate their performance and readiness.

SNO	ASPECT	FEEDBACK SUMMARY	ACTION PLAN IMPLEMENTED
1	Student Preparation	Employers noted improved readiness but suggested more focus on technical skills.	Enhance technical training and include hands-on projects by next month.
2	Professionalism	Students displayed good professionalism but need to improve in project management.	Provide project management workshops and training by next year.
3	Technical Skills	Students showed competence but lacked experience with recent tools and software.	Update curriculum to include training on recent tools and software by next month.
4	Communication Skills	Good communication observed but needed improvement in technical presentations.	Enhance training on technical presentations and reporting by next year.

5	Problem-Solving Skills	Employers appreciated problem-solving abilities but suggested more focus on creative solutions.	Introduce more creative problem-solving scenarios and projects by next month.
6	Industry Knowledge	Students had a solid understanding but needed more exposure to current industry practices.	Update course content with the latest industry practices by next year.
7	Teamwork	Strong team collaboration, though some students lacked leadership skills.	Incorporate leadership training and team management exercises by next month.

Action Report - Alumni Feedback - Term II (AY 2020-21)

Feedback Summary: Feedback was gathered from alumni to assess the relevance of their education and its impact on their current careers.

SNO	ASPECT	FEEDBACK SUMMARY	ACTION PLAN IMPLEMENTED
1	Curriculum Relevance	Alumni found the curriculum relevant but suggested updates to include new technologies.	Revise curriculum to incorporate new technologies and trends by next month.
2	Practical Experience	Alumni emphasized the need for more practical experience and hands-on projects.	Increase practical assignments and real-world projects by next year.
3	Faculty Support	Positive feedback on faculty support but suggested more focus on career development.	Enhance career development support and counseling by next month.

4	Skill Development	Alumni appreciated foundational skills but suggested more advanced training opportunities.	Introduce advanced skill development modules by next year.
5	Networking Opportunities	Alumni valued networking but requested more industry interactions.	Expand networking events and industry interactions by next month.
6	Industry Preparedness	Overall preparedness was good, but more real-world case studies were requested.	Incorporate additional real-world case studies into the curriculum by next year.
7	Feedback Integration	Alumni appreciated feedback mechanisms but wanted more frequent updates on outcomes.	Provide regular updates on feedback outcomes and improvements by next month.

ACTION REPORT OF STUDENTS, FACULTY, EMPLOYERS & ALUMNI FEEDBACK
TERM I (AY 2019-20)

Action Report: Feedback for Academic Year 2019-20

Student Feedback Report

Term I: AY 2019-20

The transition to remote learning in Term I (AY 2019-20) due to the pandemic led to the adoption of various online platforms and digital tools. Student feedback collected through a Google form was used to evaluate the effectiveness of these methods. The following action plans were developed based on student feedback:

Fourth Year

- **Overall Academic Feedback:**
 - **Very Good: 20%**
 - **Good: 60%**
 - **Poor: 20%**

S.No	Subject	Responses & Suggested Action Plan	Action Plan Implemented
1	Academic Curriculum	80% satisfied; requested more electives and an updated syllabus.	Curriculum reviewed and updated by Term II.
2	Teaching Methodology	70% satisfied; suggested more interactive sessions and digital tools.	Faculty training on digital tools provided by Term III.
3	Infrastructure	85% satisfied; recommended improvements to library resources and classroom upgrades.	Classrooms upgraded by AY 2019-20 end; library resources expanded by Term I, AY 2020-21.

4	Support Services	75% satisfied; recommended enhancing mentorship and increasing support staff.	Additional support staff hired by Term II; mentorship program reviewed and enhanced.
5	Faculty Availability	80% satisfied; requested more office hours and improved communication.	Faculty office hours reviewed and adjusted by Term II.
6	Course Materials	75% satisfied; wanted updated textbooks and more digital resources.	Course materials reviewed and updated by Term II.
7	Assessment Methods	70% satisfied; asked for more feedback and varied assessment methods.	Assessment methods reviewed and revised by Term II.
8	Campus Environment	85% satisfied; suggested improving sustainability initiatives and student spaces.	Sustainability initiatives launched by Term III; student spaces enhanced by AY 2019-20 end.
9	Career Services	75% satisfied; wanted more industry connections and internship opportunities.	Industry connections established by Term II; internship opportunities increased.
10	Overall Experience	80% satisfied; suggested improving communication and increasing student involvement.	Communication channels reviewed and enhanced by Term II; student involvement increased by Term III.

Third Year

- **Overall Academic Feedback:**
 - **Excellent: 12%**
 - **Good: 55%**
 - **Satisfactory: 33%**

S.No	Subject	Responses & Suggested Action Plan	Action Plan Implemented
1	Academic Curriculum	70% satisfied; suggested advanced topics and project-based learning.	Advanced topics and project-based learning introduced by Term II.
2	Teaching Methodology	60% satisfied; suggested more interactive simulations and practical sessions.	Training on interactive simulations provided by Term II.
3	Infrastructure	75% satisfied; recommended upgrading lab facilities and improving Wi-Fi connectivity.	Lab facilities upgraded and Wi-Fi connectivity improved by AY 2019-20 end.
4	Support Services	65% satisfied; suggested strengthening academic advising and offering career counseling.	Improvements in academic advising and career counseling initiated by Term II.
5	Faculty Availability	70% satisfied; suggested improving availability for consultations.	Faculty availability and interactions improved by Term II.
6	Course Materials	70% satisfied; suggested updated digital resources and more case studies.	Digital resources updated and case studies integrated by Term II.
7	Assessment Methods	60% satisfied; suggested implementing peer assessments and diversifying evaluation techniques.	Peer assessments introduced and evaluation methods diversified by Term II.
8	Campus Environment	80% satisfied; suggested enhancing green spaces and recreational facilities.	Green spaces developed and recreational facilities enhanced by AY 2019-20 end.

9	Career Services	70% satisfied; suggested expanding internship programs and building industry partnerships.	Internship programs expanded and industry partnerships strengthened by Term II.
10	Overall Experience	75% satisfied; suggested improving student engagement and feedback mechanisms.	Student engagement initiatives and feedback mechanisms enhanced by Term II.

Second Year
